DETAILED ACTION

Claim Objections

1. Claim 17 is objected to because of the following informalities: the term "m" is undefined, so the last two lines of the claim are nonsense. Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claim 17, as best understood, is rejected under 35 U.S.C. 102(b) as being anticipated by Sashiki et al (US # 4,508,186).

4. Claim 17, as best understood, is rejected under 35 U.S.C. 102(b) as being anticipated by Blodgett (US # 4,164,260).

Conclusion

5. Claims 1-16 are allowable over the art of record, since none of the art cited suggests adjusting the total number of individual packages in a bundle of packages such that the sum total of all of the weight deviations of the individual packages in the

bundle cannot equal or exceed the weight of a single individual package as long as all of the packages fall within the accepted upper and lower weight limits.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
